Am putting a load of stuff that's been hanging around onto eBay this Thursday (15th November) for about 9pm to end Sunday 25th. Mk2 Lowering springs, Mk1 springs and shocks, KG Works mirrors, grills, videos, lip spoilers (I sold one within about an hour this morning).

Actually, thinking about it I was going to do 2 loads over 2 weeks but I want to get as much done in November, so I will be slaving away to get these parts on! Keep an eye on our eBay shop on Thursday!
